Project Connect

What Can Professionals Do?:

- Professionals telling clients about Project Connect (PC) has been the primary reason why people attend the event.
- Brainstorm with your client on a plan to get there.
- Remind your client a few days in advance and preferably the day before.
- Like us on Facebook (Project Connect Saint Cloud) to keep updated on PC.
<https://www.facebook.com/phcstcloud/>
- Use the talking points to spread the word about PC.

Talking Points:

- People do not have to be literally homeless to attend. If they are with or without a place to live, struggling with bills, having a hard time making the rent or doubled up with friends or family, they should come to PC.
- Guests of PC will register and meet with a screener to help the guest with a road map. They do not need to know where to go or what to ask for. Someone will help them get to the right services.
- Housing, employment, mental health, medical, financial assistance, health care insurance providers and shelter providers are some of the services that will be there.
- People completing the Wilder study receive \$10
- A lunch is provided.
- Free haircuts will be available.
- Door prizes will be available.
- Free parking for guests.
